

History of Lyncrest Airport tells a story of determination, commitment and camaraderie shared by the exceptional group of aviation enthusiasts associated with this airport and the Springfield Flying Club, which built the foundation of Canada's leading privately owned airports. Annually, several thousand youth, families and seniors participate in complimentary flights, workshops, guest presentations and other recreational aviation activities hosted by Lyncrest Airport.

“Let's go flying” Bill Gibson, retired Air Canada Captain

Lyncrest Airport

“Hurry back, time spent flying is not deducted from the rest of your life!”
